

Summer 2021 – In-Person Learning!

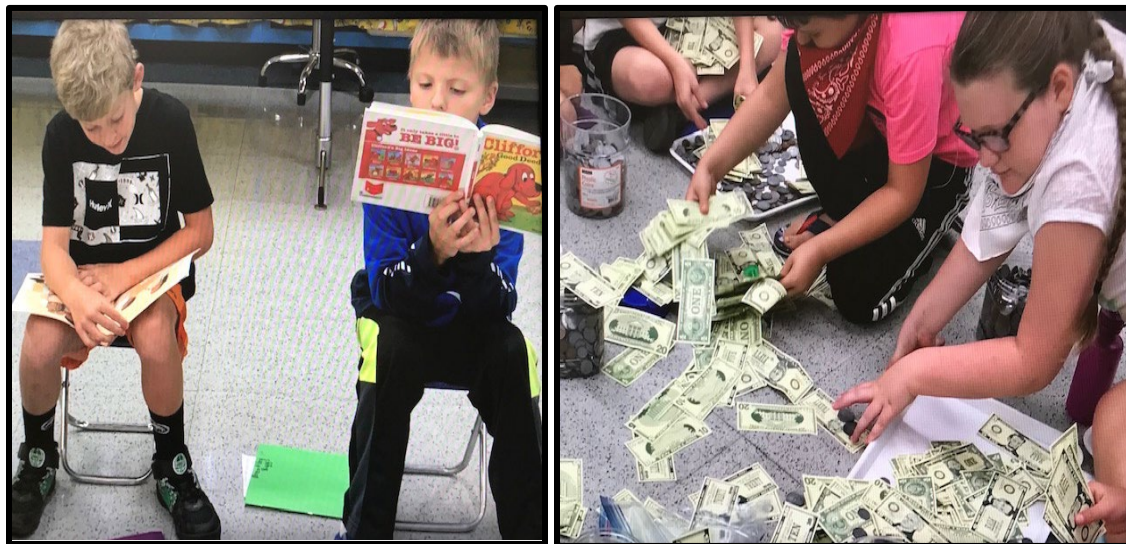

The 2021 Clay County Schools Summer Learning Program saw the return of students. All programming had been held remotely during the summer of 2020. Monies from the Summer SOLE (Student Opportunities for Learning & Engagement) Grant were combined with funds from the 21st CCLC Grant to provide students with a summer filled with engaging learning activities. Total students served by the program: 208!

See all the summer fun below!

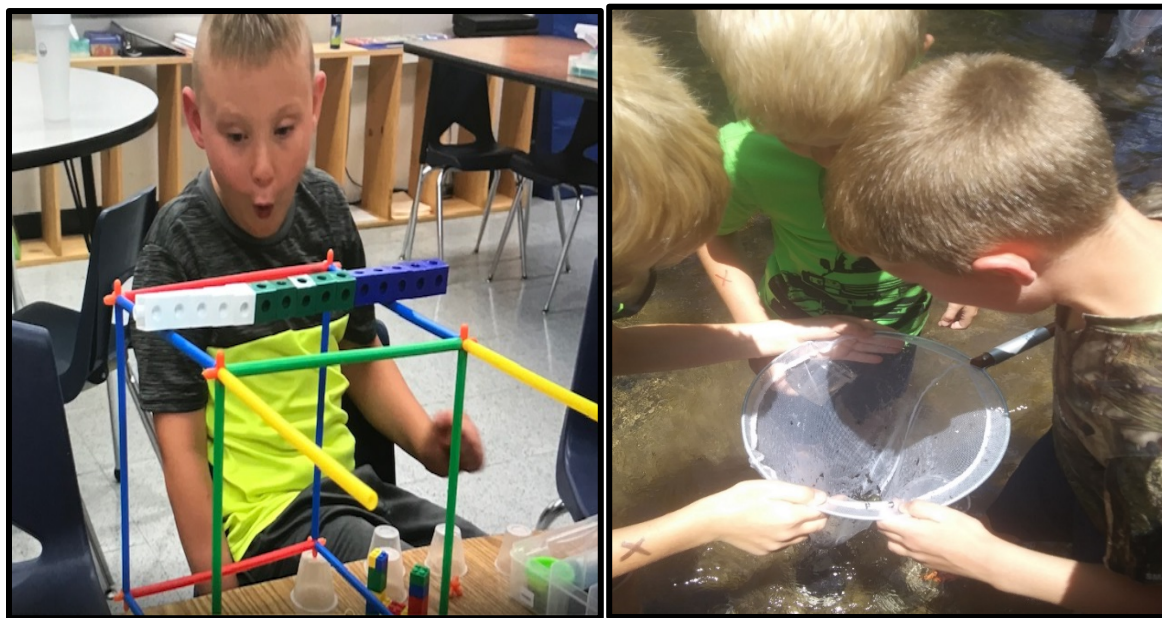

Clay Elementary transformed into Camp Adventure! Every room became a campsite where learning adventures awaited students.

At Camp Adventure students . . .

Practiced reading and math skills . . .

Participated in STEM activities both inside and outside the classroom . . .

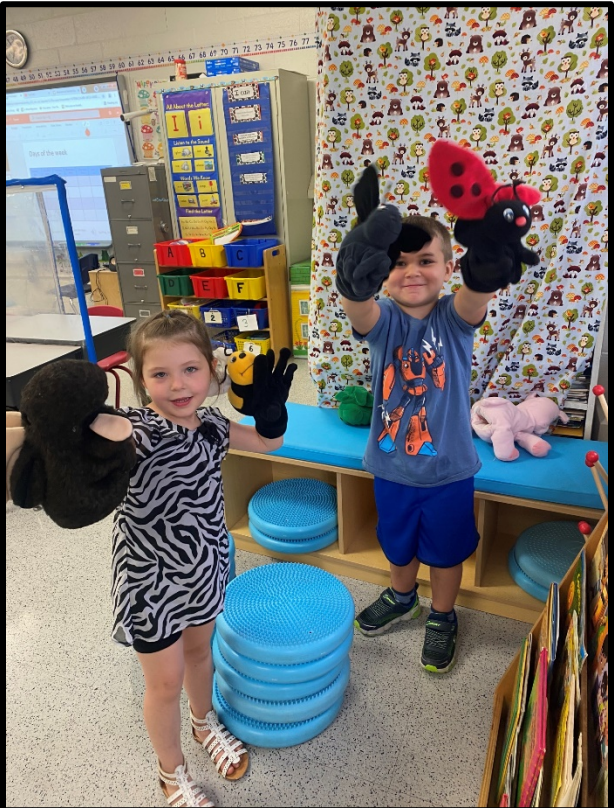

Traveled to interesting places . . .

and

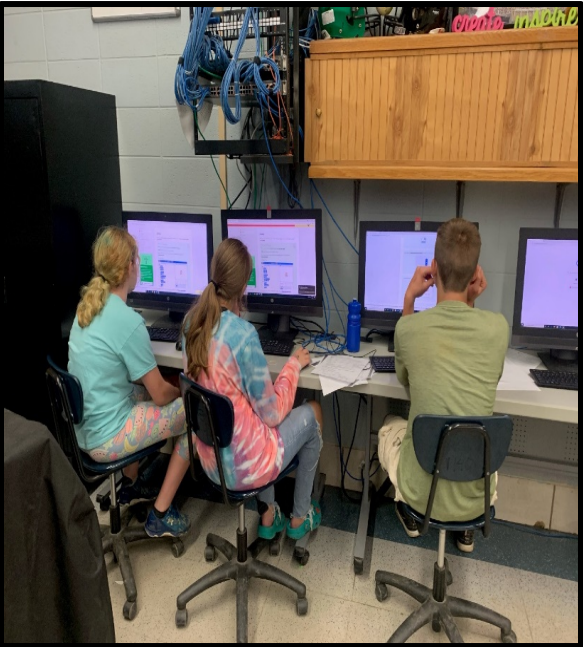

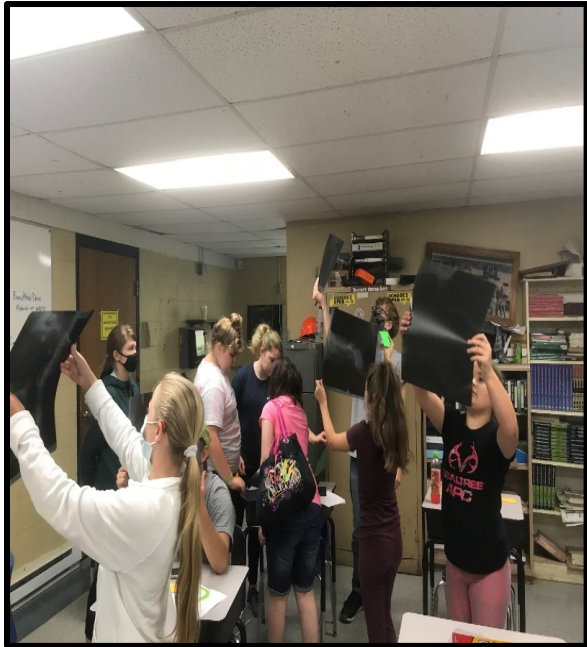

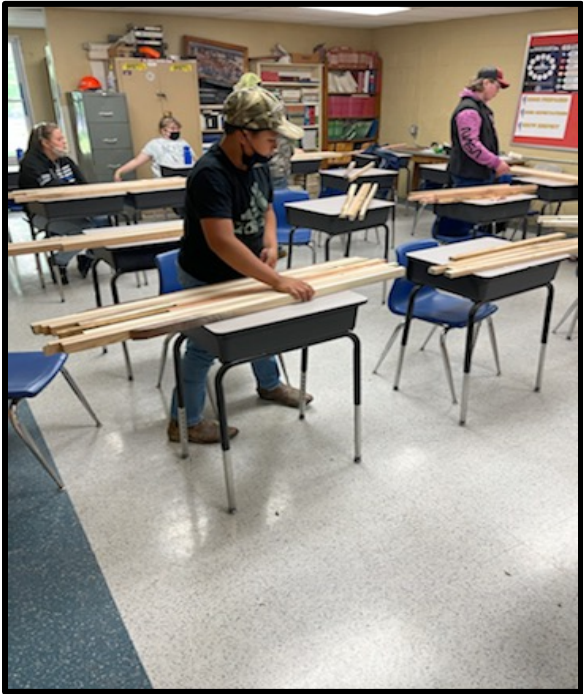

Participated in community service-learning projects.

One-day Kindergarten orientation camps, called A Taste of Kindergarten, were held at each of the county's four elementary schools. A total of 27 students and their families participated in the events.

Career and Technical Education Camps were offered for middle school students. These included sessions in forestry, woodworking, veterinary animal care, photography & editing, welding, game design & digital citizenship, carpentry, and introduction to food management.

Other activities available for secondary students included Driver's Education and Credit Recovery.

For making Summer 2021 special for students, thank you to our partners, Advisory Council Members, and summer staff:
