**Regular Teacher** – Any Professional Educator assigned to a school, except Principal, Assistant Principal, Special Education Teacher, or Resource Teacher; includes a Pre-K aide in a Pre-K classroom with a Head Start Teacher. Also, please remind teachers to follow these ordering procedures:

- Substantial savings may be realized by using the online “Warehouse Requisition Order” for part (or all) of each Teacher Spring Order. This form is easy to use and listed at the bottom of the county website homepage under the “[Teacher Hot Links](#)” tab.
- Visit [KCS Warehouse](#) and navigate to the category of supplies that you need. A page with popular categories has been added for your convenience. Add the items to the Warehouse Requisition Form and submit to your principal. Prices through the warehouse are “rock bottom” prices! Alternatively, you may print the “Warehouse Requisition Order” and fill out by hand.
- The Amazon business account is another good option. If you choose to use Amazon, you do NOT have to fill out a pink requisition.
- We are not recommending the use of “School Specialty” as a vendor, due to processing and billing issues that continue to occur. However, if you need to order from them, no problem – go for it.
- Include shipping charges on all orders, except for “Online Warehouse Orders”. A pink requisition MUST BE completed for each company you order from, except for “Online Warehouse Orders” and Amazon. Be sure to turn in ALL ORDERS TO THE PRINCIPAL by the date specified.
- Teachers should keep a copy of their orders for their records. All orders must be turned in to the school principal by April 16, 2021. No late orders will be accepted.
